## Will Observe Memorial Day With Solemnity And Jollity

**By THE ASSOCIATED PRESS**  
Pennsylvanians today looked to the release given by the long Memorial Day break, with its promise of fine weather and a certainty that the observance will be the usual mixture of solemnity and jollity.

Millions of the state's residents will be free from their heavier routines until Monday. Some, of course, will have to go back to the job on Friday.

**Usual Parades**  
Emphasis upon the real significance of Memorial Day comes in many ways and in many places, in special church services, in ceremonies where the war dead are buried, at the great national shrines within the state's borders, in speeches to gatherings in public parks and assembly halls, and in the examples, beyond reckoning, of people privately, sometimes in solitude, keeping the faith.

Memorial Day is a time, too, for the military drill teams and the drum and bugle corps to show their brilliance, so far as far back as anyone can remember there have been parades.

One of the most distinctive special events scheduled for tomorrow in Pennsylvania is the dedication of a large granite mausoleum in honor of Jim Thorpe, famed Indian athlete, whose body now reposes near the towns of Mauch Chunk and East Mauch Chunk in Carbon County, renamed in his honor.

In the big, organized way, there will be the standard fare for the fans—baseball, horse racing and other attractions, some in the state, others not far away from it.

The weather outlook: Fair and warm through tomorrow, at least. Experts said they were unwilling to forecast for the rest of the weekend.

## REV. P. L. REASER ADDRESSES CLUB

Rev. Paul L. Reaser, pastor of St. James Lutheran Church, was the speaker Tuesday evening at the meeting of the Exchange Club at Banker's Restaurant.

He urged members of the club "and people of the community to look upon Memorial Day not only as a day of remembrance but also as a day in which we as a nation should give thanks to Almighty God for enabling us to live in a country where we can feel free in spirit to worship as we please."

Observing that Memorial Day was established 91 years ago by General Logan, commander of the Grand Army of the Republic, as "a day of thanks set aside for the people to overcome hatred and resentment from the great struggle of the Civil War," Rev. Reaser said, "We as a country have a great responsibility to show the rest of civilization that church and government can work hand in hand to produce citizens of integrity and character."

Vice President Donald Joseph conducted memorial services during which an engraved memorial plaque was unveiled. The plaque listed the names of deceased members: Huston G. Simpson, Glenn C. Bream, Carleton H. Poole and Carroll M. McGee. A minute of silent prayer was observed.

## EXPANDING MD. SYNOD CREATES NEW POSITION

The Maryland Lutheran Synod, with 73 new congregations formed as missions within its area during the last five years, Tuesday decided to secure a full-time director of synodical missions and stewardship to supervise the new churches established in rapidly expanding housing developments in the synod's four-state area.

The synod, which began its sessions Monday evening at the Gettysburg Lutheran Theological Seminary here, will conclude its 138th annual convention Thursday.

Rev. Elwood S. Falkenstein, pastor of Grace Lutheran Church, Westminster, Md., who Tuesday morning was re-elected by a large majority as secretary of the synod, was by an equally large majority elected the first full-time director of synodical missions with an office in Baltimore.

**Pastor Given Choice**  
That left Rev. Falkenstein to determine whether he wishes to stay as pastor at Westminster and as synod secretary, or accept the new post.

Rev. Fred Seibel, Silver Run, Md., was re-elected statistician of the synod at its opening session Tuesday.

He urged members of the club "and people of the community to look upon Memorial Day not only as a day of remembrance but also as a day in which we as a nation should give thanks to Almighty God for enabling us to live in a country where we can feel free in spirit to worship as we please."

Observing that Memorial Day was established 91 years ago by General Logan, commander of the Grand Army of the Republic, as "a day of thanks set aside for the people to overcome hatred and resentment from the great struggle of the Civil War," Rev. HARRISBURG (AP)—The Pennsylvania Supreme Court today ruled that a tavern keeper who served beer to a minor was to blame for an accident the youth became involved in after leaving the tavern.

The high court reversed a decision by Judge Arthur P. Bretherick of the Delaware County Court in which Dominick Yokas, proprietor of the Banshee Hotel in Ridley Park, was absolved of liability for the accident.

Testimony in the case was to the effect that Stanley Kordowski, 16, had been served beer at Yokas' tavern. Kordowski then went out and became involved in an accident in which Mr. and Mrs. Daniel Manning, Ridley Twp., were injured. The high court's unanimous opinion was written by Justice Michael A. Musmanno.

The Supreme Court based its decision on an act of May 8, 1854, which provides that persons furnishing intoxicants shall be held civilly responsible for injuries to persons or property in consequence of such drinking.

GIVE FRANKLIN

Speaking on behalf of the contributors, who comprise leading hotel men of the country and a group of civic, business and professional leaders of Harrisburg, Mr. Johnston said:

"The ward was created to memorialize Franklin Moore's outstanding career in the hotel business, his services to the industry nationally and internationally and his outstanding contributions toward the advancement of business and civic interests.

"It honors an outstanding individual but more particularly it accords recognition to what the man stands for. Furthermore, it demonstrates the opportunities available to all under the American system of free enterprise and that plus efforts achieve results and rewards. The requisite of a winner, in life as in school, is that he unhesitatingly give of himself to advance the prestige of the institution, the establishment or whatever enterprise he represents.

"Unselfish Enterprise"

"The Franklin Moore Award does not in itself build buildings or expand the facilities of Gettysburg College. Its function is even more important in that it recognizes the unselfish enterprise—the 'plus' over the effort that is sufficient to get by on—that builds not only great buildings but high ideals and, thus, great institutions.

"The contributors follow with great interest and deep appreciation the fine manner in which this award is administered by Gettysburg College."

The Franklin Moore Award was created in 1950 in honor of Franklin Moore, president of the Penn-Harris Hotel, Harrisburg, when Gettysburg College conferred upon him the honorary degree of Doctor of Science in the field of Business Administration.

Others attending the luncheon, all of whom spoke briefly, were: Dr. Henry W. A. Hansor, president emeritus, and Dr. W. E. Tilberg, dean emeritus of the college; Dr. Seymour Dum, college dean; Charles R. Wolfe, dean of admission and Harper Bohr, president of the Student Senate.

Miss Mildred H. Hartzell, registrar of the college, was unable to be present as was Dr. Moore who resides in Fort Lauderdale, Florida.

"MY COMFORT"

It's a comfort to be with you... and to share your fond caress... for the wonder of your presence... tends to foster happiness... there is magic in your kisses... that can drive away my care... and the sun is always sinking... when you are my own to share... tender words of love undying... are the words you speak to me... planting flowers in life's garden... giving hope in things to be... in your eyes I see a reason... and I find the strength to try... for you give my life a meaning... like a haunting lullaby... smiling even through your teardrops... like an angel from above... it's a comfort to be near you... and to have you for my love.

PLAN FOR VISIT  
BY 500 SCOUTS

Preliminary plans were completed Tuesday evening at a meeting of a Black Walnut Boy Scout District special committee at the home of John C. W. Riddle, Baltimore St., to provide campsites and meals for 500 Boy Scouts who plan to visit here in connection with their attendance at the National Boy Scout Jamboree at Valley Forge next month.

So far approximately 500 Scouts have written Riddle asking that arrangements be made for their stay here. Riddle, chairman of the Black Walnut District Committee, said the estimates another 500 will also seek special arrangements for stays here in connection with their travel to and from Valley Forge from western parts of the nation. In addition he said possibly several thousand other Scouts will pass through the town and will not seek any special arrangements. Plans discussed Tuesday night by the committee which includes Riddle, George Olinger, Richard Fox, Allen Stauffer and Stanley Rodgers call for a delegation from the local district to welcome the visiting Scouts. Camping for the most part will be on battlefield sites while meals are being arranged through a number of local organizations.

SNACK BAR AT  
DRIVE-IN BURNS

The snack bar of the Caledonia Drive-in Theater along the Lincoln Highway at Mt. Newman, was destroyed by a fire at 6 o'clock Tuesday morning.

Fire Chief Richard Kramer of Fayetteville said the fire originated in the wiring of a deep fryer.

Fayetteville Assistant Fire Chief Jack Goetz reported that the blaze, which was discovered when the theater was locked and no one was believed to be on the premises, gutted the interior of the snack bar. Fayetteville and Cashtown firemen prevented spread of the blaze to the projection room adjoining the snack bar.

The fire was discovered by a passing ambulance driver of Cockeysville, Md. Observing smoke pouring from the building, he awoke Harry Blake, proprietor of a restaurant across the highway from the theater, by sounding the siren on the ambulance.

College Closes Century Of Achievement: Dr. Stanley Is Presented With Gold Watch: Gettysburg college is one hundred years old. The resounding echo of a steel hammer-tongue against the shell of a hundred year old bell, first used in 1832 to summon sixty odd students to the first session of Gettysburg college, then called Pennsylvania college, officially sounded the close of the first century of higher education in Gettysburg's largest institution of learning Thursday.

Early registrations brought more than 500 alumni back to the campus of their boyhood to participate in the greatest celebration ever arranged at this historic institution.

Dr. Frank Kramer, professor of education, attired in full academic robes, sounded the bell in the center of the campus. As he did so alumni, students and guests cheered and applauded and a feeling of pride and admiration seemed to prevail as the full significance of the achievements of the college during the last century became more evident.

## EXPERIENCE

What we are largely because of the experience that we have gone through. A high school or college graduate, a worker on a farm, a clerk in a store, or a salesman: To be any of these, and more, is to gather a certain experience. When the young man applies for a job in a big organization, almost the first question asked by the employer of applicants is: "What experience have you had?"

The experienced mechanic, or in fact any worker at something, gains experience that is an asset when that one decides to improve himself. We have all read or listened to the story of people who have gone through an exciting or difficult experience, mostly in early life. It's experience that caters to us, and since it is so important, the more we get of it the better!

All experience is a contribution to our mental state of mind, and so it is something that we should add to all the time. The richer and more extensive that experience becomes, the greater is our advantage over others. Every day of our lives we keep adding to the bank of experience something valuable, something that is bound to add to our success and happiness. Experience is an essential, no matter what its total worth.

We have confidence in the doctor, surgeon, lawyer, or business man whose experience has been extensive and put to the test of the years. What makes anyone interesting is what that one has gone through. The broader our experience has been, the more capable we become each day, for we keep adding to it. We can't know too much about anything that can make us more useful or expert. Experienced people are the ones who keep things moving!

## THE CHART

The patient spent a restless night.  
At 6:00 a.m. washed hands and face.  
For breakfast had no appetite.  
Of fever not the slightest trace.  
At seven o'clock, with sleeping done.  
The medication course begun.

At eight a glass of juice he took.  
At nine the morning paper read.  
He asked to see a comic book.  
Decided on a bath instead.  
Three very handsome gentlemen came in to pay a call at ten.

Both pulse and pressure normal stay.  
He pushed aside his luncheon tray.  
When watching them, by day or night.  
If ever from the world apart  
You've wondered just what nurses write,  
They're keeping what is called a chart.

## Committee Okays Probe Of Police

HARRISBURG (AP)—A resolution proposing an investigation of the morale and efficiency of the Pennsylvania state police gained Senate committee approval yesterday.

Sens. Thomas A. Ehrigood (R-Lebanon) and Robert D. Fleming (R-Allegheny), the resolution's sponsors, maintained that politics played a part in assignments and promotions and that the police were not equipped as they should be.

Col. Earl J. Henry, state police commissioner, has denied that the force has morale or efficiency difficulties. He said he would welcome an investigation.

## JUDGE SCOLDS MIXED JURY FOR FREEING WOMEN

SAN DIEGO, Calif. (AP)—Jurors who acquitted two women charged with kidnapping and attempting to murder Mrs. Ruth E. Latham drew a sharp rebuke last night from Judge John A. Hewicker.

Acquitted were Mrs. Beatrice Winn, 37, and Mrs. Lucille Whisenand, 36.

"I heartily disagree with your verdict in every respect," Judge Hewicker told the six men and six women jurors, adding that "you must have had preconceived ideas before you came in here."

The jury had deliberated since Thursday and had sat through 50 days of testimony and argument — the longest trial in San Diego County Criminal Court history.

"Fantastic" Testimony  
Defense attorneys contended Mrs. Latham's testimony was "fantastic" when she said she was kidnapped from her San Diego home Sept. 12 and buried alive under rocks in the desert. She declared she had freed herself and survived through "prayer-given."

The jury was the two women's second trial. The first jury deadlocked 7-5 for acquittal.

Mrs. Winn, a housewife who dabbled in business and politics,

General arrangements for the affair are in charge of a committee, composed of Earl J. Weaver, Robert L. Snyder, Howard Myers, Bernard Kuhns, Harry M. Badders and John H. Riley.

It was announced that the VFW 21st District will meet in Chambersburg on Sunday, June 9. Those planning to attend will leave from the post home at 12:30 p.m. A report on the recent meeting of the Allied Veterans Council was given by Charles F. Bridgman. Plans were made for a representation to appear in the Memorial Day parades, tomorrow, at Taneytown, Harney and Littlestown. Adjutant John Riley reported. The VFW post will meet again on Tuesday, June 11.

## Braves Beat Redlegs 1-0 As Dodgers Lose In 11th To Bucs; Phils Wallop Giants; Yanks Win

By ED WILK  
The Associated Press

Some days you can't make a nickel. And yesterday was one of those days for the Cincinnati Redlegs and Don Gross.

Gross, a 25-year-old left-hander, pitched one of his best games ever, walking one, striking out two and allowing just two hits. But he lost to the Milwaukee Braves 1-0—his first defeat since Sept. 8, 1955.

The Redlegs, who retained their two-game lead in the National League as the second-place Brooklyn Dodgers lost 3-2 in 11 innings at Pittsburgh, managed eight hits off Warren Spahn, but left seven runners stranded for their first defeat on the road in 16 games.

**Phils Wallop Giants**  
The Philadelphia Phillies, off on their biggest scoring binge since 1953, walloped the New York Giants 16-5. St. Louis defeated Chicago's Cubs 5-1.

In the American League, the Chicago White Sox stayed two games in front, defeating Kansas City 3-1 while the second-place New York Yankees won 10 in innings to beat Boston 8-5.

Cleveland nudged Detroit 4-3 on Eddie Robinson's two-run pinch homer in the ninth.

**Spahn's 38th Shutout**  
Gross, who had won eight since his last loss, had faced only 22 men before Bobby Thomson opened the Milwaukee eighth with a triple and came home with the clincher on a single by Frank Torre.

Spahn didn't walk a man while gaining his 38th career shutout with his fifth victory of the season.

The Dodgers missed their chance to gain ground on PeeWee Reese's throwing error at Pittsburgh. The Bucs shelled Don Newcombe, who had six consecutive complete games, with two singles and an intentional walk that filled the bases in the 11th. Then Bob Clemente greeted Clem Labine with a sharp grounder to Reese who threw high to the plate.

**Four For Richie**  
Richie Ashburn had four of the Phils' 17 hits off six Giant pitchers, and Rip Repulski, Willie Jones, Stan Lopata and winning reliever Bob Miller each drove in three runs. Johnny Antonelli lost his sixth.

Larry Jackson, a 25-year-old right-hander, allowed five hits, struck out eight and walked none while the Cards made nine hits off loser Moe Drabowsky and two relievers.

Rookie Bill Fischer snapped the A's winning streak at four games with a six-hitter for his third victory. An RBI single by Sherm Lollar, a double steal and a wild pitch by loser Rip Coleman gave the Sox two runs in the first inning, breaking a two-game Chicago slump.

**Ted Gets 11th**  
Ted Williams' lone hit, his 11th home run, brought the Red Sox a 5-5 tie in the ninth at Boston, but the Yankees socked it away with three in the 10th, two on a Hank Bauer double. Art Ditmar won it in relief with Ike Delock the loser in relief.

Don Mossi made his first start to help Cleveland's injury-weakened pitching staff. He gave three hits in eight for his second victory. Ray Narleski worked the ninth, but had to escape a bases-loaded jam to save it. Two of the Tiger hits were homers, a solo shot by Ray Boone and a two-run job by Bill Tuttle.

**Weather Forecast**  
Extended weather for Thursday, May 30, through Monday, June 3: New York and MidAtlantic states: Temperatures will average near or slightly above normal, warmer Thursday and Friday. Scattered showers over weekend totaling one-tenth to three-tenths of an inch.

Western Pennsylvania, western New York and West Virginia: Temperatures will average near or slightly above normal, warming Thursday and Friday but cooler Sunday and Monday, scattered showers or thundershowers Friday and Saturday totaling one-tenth to four-tenths of an inch.

Canadian veterans of World War II have received about \$303 million dollars discharge payments. Of the amount claimed, about sixty per cent went to furniture and home repairs.

## Taneytown Cubs Defeat Cards 9-2

Breaking a comparatively tight game wide open with five runs in the last of the fifth inning, the Taneytown Cubs defeated the Taneytown Cards 9-2 in a Frederick Carroll Little League game Tuesday evening.

"Nobody ever needed a good luck charm more than I do," the 29-year-old Allentown driver said today and he outlined his streak of misfortunes:

"After he won seventh place and 'rookie of the year' award in his first 500-mile race two years ago he was badly burned in a pit stop at Milwaukee's 250-mile race.

Hospitalized for months, Herman recovered in time to enter last year's Indianapolis race. He fought his way up from 27th place to fourth, then crashed into a retaining wall on the main straightaway.

The Dutchman wasn't hurt in the Indianapolis accident but bad luck dogged him all season. His engine blew up while he was leading a midwest race at Freeport, N.Y., and other mechanical failures made it an expensive season.

Last winter, Herman's new house trailer, his workshop and new truck were destroyed by fire.

**Needs The Sign**  
Then his 6-year-old son, Jim, was bitten 18 times by a dog. He recovered and will watch tomorrow's race with his mother.

Herman was hit in the left eye by a stone May 5 in a midwest race at Hatfield, Pa., and feared for a time he wouldn't be able to make the "500." That cleared up.

"I need this anti-hex sign," said Herman.

The design is a large circle containing various colored symbols. Herman explained that each anti-hex sign is peculiar to a particular Pennsylvania Dutch family.

Springfield pitcher Julio Navarro can hardly be called overconfident.

Navarro pitched the ninth inning against Albany last night and when his stint was over Albany was leading 8-6. Navarro, feeling he was through for the night, decided to take an early shower.

His teammates, not quite so easily convinced, rallied for two runs that deadlocked the Eastern League game and sent it into extra innings.

Navarro was hauled from the shower, hustled back into his uniform and sent back to the mound. Nevertheless, the Senators scored four runs off him in the fourth extra inning for a 12-8 triumph that snapped Springfield's five-game winning streak.

In the only other action, the Syracuse Chiefs dropped into the league basement by losing a doubleheader at Reading 7-1 and 3-2. The binghamton at Schenectady game was postponed because of cold weather.

**Memorial Jolopy Race At W. Grove**  
WILLIAMS GROVE, Pa. — Abe Redmond, general manager of WHP and WHP-TV, who died suddenly on April 30 from a heart attack, will be honored this Sunday afternoon with a memorial race to be staged in his honor on the Williams Grove Speedway.

The occasion, first planned in an annual series to honor the Harrisburg pioneer in radio and television, will be a special jolopy stock car race scheduled for the purpose of televising a complete program over WHP-TV (Channel 55). It was largely the result of Redmond's suggestion that the first complete jolopy program was telecast from the oval last year.

## AL HERMAN TO WEAR HIS GOOD LUCK "CHARM"

INDIANAPOLIS (AP)—Al Herman, a Pennsylvania Dutchman, will wear his people's anti-hex sign on his helmet when he moves into the 500-mile race lineup tomorrow.

"Nobody ever needed a good luck charm more than I do," the 29-year-old Allentown driver said today and he outlined his streak of misfortunes:

## GETTYSBURG LITTLE LEAGUE

Rotary 2 0 1.000 —  
Glenn L. Bream 1 1 .500 1  
Moore 1 1 .500 1  
Lions 0 2 .000 2

**Tuesday's Score**  
Brems 7; Lions 6 (8 innings)  
**Tonight's Game**  
Lions (Appier 0-1) vs. Rotary (Longaneker 1-0)

In one of the most exciting games of the season, the Glenn L. Bream Yankees tallied a run in the bottom of the eighth via the bat of Johnny Chrimer to take a two extra inning contest from the Lions 7-6 on the Little League diamond Tuesday evening.

Chrimer, who had been making spectacular plays throughout the game, was the one who pulled the Yanks back into the game in the third frame when he blasted his first home run of the season over the left field fence with a mate aboard to tie the score at 4-4.

The contest was a nip and tuck affair all the way. With the count knotted at 4-4 going into overtime, the Lions tallied twice in the seventh. Eddie Tilberg singled and Bigham drew a pass to put runners on first and second. A passed ball allowed both men to advance one base. Fred Tilberg then poled a long ground rule double that enabled both runners to score and put the Lions out in front 6-4.

**Again Knot Score**  
The Breammen came right back and again tied the score at 6-6. Ronnie Redding led off with a single to right, but was forced at second when Roy Fairman hit into a fielder's choice. Steve Olson then singled to right and Chrimer followed with a clean hit to left to drive in Fairman. Mike Treas and Charlie Schleicher drew passes to enable Olson to come in with the tying run.

After the Lions were retired in the eighth without a run scoring, the Yanks fought back to win the game. Bob Stokes led off with a walk while Redding took first on a fielder's choice. Another fielder's choice allowed Fairman to reach base with two out. Olson took first via an infield miscue and then Chrimer stepped into the first pitch for a single to left scoring Fairman with the winning run.

**Lions Tab Three**  
The Lions picked up three runs in the top of the first on singles by Boyer, Bigham and Fred Tilberg and two Yankee miscues. They added one more run in the top of the second on Danny King's double to right and an infield error.

The Yanks scored twice in the first on consecutive walks to Redding and Fairman. Steve Olson's single to left drove in both runners.

**PCL May Fight**  
And the PCL is reported to be ready for "a fight for its life" stand against the invasion. An official of the National League, who declined to be identified, said the PCL is prepared to demand from 8 to 10 million dollars damages.

Nothing can be one about moving a franchise until Oct. 1, the specified time limit to draft minor league territory under baseball law.

The first reaction of O'Malley and Stoneham to the National League vote was: "The league has given us a chance to explore all possibilities."

**Carlos Ortiz Is Favored Over Chiocea**  
CHICAGO (AP)—Carlos Ortiz, Puerto Rican lightweight from New York, is an 8-5 favorite to tonight to stretch his undefeated string through 24 bouts in a 10-round fight with Felix Chiocea of Paris, France.

The Chicago Stadium fight will be broadcast and televised nationally over ABC at 9 p.m. EST.

Ortiz, 20, has scored nine knockouts. He will be meeting his toughest foe to date in Chiocea, 23, who went to Paris from his native Caracas, Venezuela.

Chiocea has won 25 of 33 starts in the last three years, and is credited with five kayoes. One of his recent victories was over Teddy "Red Top" Davis.

**WILL HEAR PROTEST**  
A special meeting of the South Penn Baseball League has been called by President Robert Krichner for next Thursday evening at the American Legion Home, Baltimore St. The meeting has been called to consider a protest lodged by Harney involving its game at Bonnevillie which had been set for last Thursday and was rescheduled for Tuesday evening.

**TUESDAY'S STARS**

PITCHING—Warren pahn, Braves, out-dueled the two-hit pitching of Don Gross with an eight-hitter, walking none, to snap Cincinnati's road winning streak at 15 games 1-0 while becoming first Milwaukee pitcher to gain a complete game since May 12.

**HITTING**—Eddie Robinson, Indians, delivered a two-run pinch homer in the ninth to defeat Detroit 4-3.

## NL OPENS DOOR TO GOLDEN WEST FOR TWO TEAMS

By CHARLES CHAMBERLAIN  
CHICAGO (AP)—The National League has opened the door to the Golden West for the New York Giants and Brooklyn Dodgers.

Each of the eight baseball club officials yesterday gave approval for this procedure:

"If New York and Brooklyn relocate their franchises in San Francisco and Los Angeles, respectively, the league president is authorized to grant it."

**Could Be Tempting**  
A reported proposal that the Cincinnati Redlegs shift to New York was not considered at the league meeting.

It is not known when or if Presidents Horace Stoneham of the Giants and Walter O'Malley of the Dodgers will shout: "Westward ho!"

But it could be very tempting to do so.

**Vote On Bond Issue**  
There was a \$39,500,000 bond issue election in Los Angeles yesterday which could provide means to build a new city-owned stadium seating 60,000 in a 600-acre plot of the Chavez-Ravine area within easy distance of the downtown district.

San Francisco has a five-million-dollar fund earmarked for a new stadium to entice the Giants.

This is in contrast to the National League's pioneering frontier of the New York area consisting of outmoded Ebbets Field of the Dodgers and the Giants' Polo Grounds—both plagued by dwindling attendance, a 5 per cent amusement tax on admissions and soon-to-expire leases.

**Pressure Is On**  
All this would seem that the pressure is on the New York fathers to do something pronto in the way of providing new playing sites if they don't want to lose their National League teams.

The Dodgers have a clearer path to move West than the Giants because last February they bought the Los Angeles franchise of the Pacific Coast League and all its facilities from P. K. Wrigley, owner of the Chicago Cubs and National League vice president.

The Giants will have to dicker with the Boston Red Sox for the San Francisco franchise.

**PCL May Fight**  
And the PCL is reported to be ready for "a fight for its life" stand against the invasion. An official of the National League, who declined to be identified, said the PCL is prepared to demand from 8 to 10 million dollars damages.

Nothing can be one about moving a franchise until Oct. 1, the specified time limit to draft minor league territory under baseball law.

The first reaction of O'Malley and Stoneham to the National League vote was: "The league has given us a chance to explore all possibilities."

**Carlos Ortiz Is Favored Over Chiocea**  
CHICAGO (AP)—Carlos Ortiz, Puerto Rican lightweight from New York, is an 8-5 favorite to tonight to stretch his undefeated string through 24 bouts in a 10-rounder with Felix Chiocea of Paris, France.

The Chicago Stadium fight will be broadcast and televised nationally over ABC at 9 p.m. EST.

Ortiz, 20, has scored nine knockouts. He will be meeting his toughest foe to date in Chiocea, 23, who went to Paris from his native Caracas, Venezuela.

Chiocea has won 25 of 33 starts in the last three years, and is credited with five kayoes. One of his recent victories was over Teddy "Red Top" Davis.

## COURT SLAPS INJUNCTION ON CANCER CLINIC

PITTSBURGH (AP) — The Hoxsey Cancer Clinic of Portage, Cambria County, is barred from accepting out-of-state patients.

U. S. District Court Judge Wallace S. Gourley yesterday issued a temporary injunction against the clinic on a request of U. S. Atty. Malcolm Anderson.

The government attorney contended that continuous operation of the clinic would cause "irreparable injury and damage."

### Hearing June 5

Judge Gourley ordered a hearing June 5 on a government request for a permanent injunction.

The temporary injunction prohibits the clinic from dealing only with out-of-state residents. Pennsylvania patients are not affected.

Anderson said the clinic is soliciting patients from other states. He said it also is sending cancer pills across state lines with inadequate or no labeling.

### Pills Seized

Earlier, Federal Judge John L. Miller denied clinic motions that it be granted a new trial and a directed verdict of acquittal in the disposition of a half million cancer pills seized in March, 1955.

Government agents seized the pills in a raid on the clinic, contending they were misbranded as being effective in the treatment of cancer.

Following a 23-day trial last fall, a federal court jury upheld the government action. The pills were ordered destroyed, but Judge Miller granted a stay pending possible appeals.

The pills were concocted according to a formula developed by Harry M. Hoxsey, a Dallas, Tex., naturopath. They have been condemned by the U. S. Food and Drug Administration and the American Medical Assn. as being worthless in cancer treatment.

## STEVE BRODIE REPEAT MAY BE FATAL TO MAN

NEW YORK (AP) — Two beer-drinking buddies plunged 130 feet off a bridge into the East River at 2 a.m. today "to get a kick out of life" the way Steve Brodie did 71 years ago.

James de Voe, 22, a construction worker; Ronald Roulette, 20, a meat packing plant worker; and Paul Paulos, 18, a delicatessen employee, were out drinking and got to talking about Brodie's historic leap from Brooklyn Bridge when they got the idea.

The three parked their car and hitched a ride from a motorist to the middle of the bridge.

There they found a 20-foot length of rope. They tied one end to a guard rail and dropped the rope over the side.

De Voe slid down the rope. His pals heard a splash.

Roulette then climbed down, and let go with a scream.

Paulos, changing his mind, ran to a diner on the Queens shore and told a bartender what had happened. Police were called, and launches and emergency squads went into action.

About dawn, Roulette was spied walking along a street near the Queens shore. He was dazed, limping and wet.

Roulette said he swam ashore, and police said he corroborated much of the story they had gotten from Paulos earlier.

Roulette said that when he came to the surface after his plunge, he heard De Voe calling to him — "Ronnie, Ronnie." But the cries soon died out.

Roulette was treated at St. John's Hospital for a possible fractured ankle. He then was taken to a police station for further questioning.

Search for De Voe was pressed by police.

## Reading Earnings Show '57 Increase

PHILADELPHIA (AP) — Earnings of the Reading Railroad for April and the first four months of 1957 were above those of the same period in 1956, President Joseph A. Fisher reports.

Fisher said yesterday net income for April was \$1,051,000, equal to 58 cents a common share, compared with \$964,301 or 51 cents a share in 1956.

The Reading's net income for the first four months of the year was \$4,008,000, or \$2.20 a common share, compared with \$3,580,000 or \$1.89 a share in the same period of 1956.

## EX-HIGHWAYS AIDE CALLED IN NEW PROBE

HARRISBURG (AP)—Adam J. Molino, suspended Cambria County highways superintendent, was summoned today to testify on what role John R. Torquato may have played in a state cinders fraud case.

Two prosecution witnesses told the Dauphin County Court that Torquato, Cambria County Democratic chairman and deposed secretary of labor and industry, received \$2,300 from a cinders firm doing business with the state.

Torquato—not a defendant in the case—replied that "this is something new to me."

Vincent G. Panati, special deputy attorney general, told a newsman after the first day's proceedings yesterday that he saw nothing in the record so far that would criminally implicate Torquato.

**5 Plead Guilty**  
The testimony about Torquato was offered by the accountant of a Cambria County cinders firm and by a special state investigator.

The court, after receiving guilty pleas from five persons charged with conspiring to cheat the state of \$36,881 in highway cinder contracts, took the testimony to determine the extent of guilt for sentencing purposes.

Judge Homer L. Kreider also said a State Justice Department probe of the cinders conspiracy brought other names into the case and that further testimony was needed on that point.

**General Indictment**  
Pleading guilty to a general indictment of conspiracy to sell cinders at shortweight to the commonwealth and five counts of cheating by fraudulent pretense were: Molino, John Durbin, Cresson,

and Frank Stancovich, Portage, suspended cinder checkers for the department; and Anthony L. Roberts, Cresson, and Leonard D. Sheehan, Loretto partners in the cinder firm.

John J. Brett, Johnstown, an accountant for the Sheehan-Roberts Co., testified that firm records showed \$2,300 was paid Torquato.

**Payments "Were Necessary"**  
Robert R. West, special Justice Department investigator, said Roberts told him that the payments to Torquato and Molino "were necessary" to get cinder contracts from the state.

But Roberts, in his testimony, said the money was intended exclusively as a Democratic party campaign contribution.

He said he lied when he told Sheehan and Molino that he was taking money from the cinders deal to pay Torquato.

Molino, Roberts and Sheehan were free on \$2,500 bail while Durbin and Stancovich were at liberty on \$1,000 bail.

## PROBE MURDER, DEATH OF GIRL AND BOY FRIEND

NEW WILMINGTON, Pa. (AP)—The body of a 19-year-old girl was removed to Cleveland for an autopsy today while Lawrence County officials and state police continued an investigation into her death and that of a 29-year-old boy friend.

Judy Barber, a senior at Wilmington Area High School, was found dead in her home early yesterday. An electrical cord was twisted around her neck.

The body of Theodore Fordney, an ailing postal employee, was found minutes later in the back yard of his home, three blocks from the Barber residence. The top of his head was blown off. A .12 gauge shotgun lay nearby.

**To Perform Autopsy**  
Lawrence County Coroner John Meehan, who accompanied the body to Cleveland, said the tragedy appeared to be a murder-suicide. He added, however, no definite ruling would be made pending a complete investigation.

Meehan said the autopsy on the girl would be performed by Dr. Lester Adelson, a pathologist of Western Reserve University, to fix the cause of death and the time.

Sgt. Harold Rice of the New Castle (Pa.) state police barracks said Miss Barber was known to have been alive at 1 a.m. when a 19-year-old college student, whom Rice did not identify, left after a

## BAPTISTS OPEN SESSION TODAY IN PHILADELPHIA

PHILADELPHIA (AP)—The American Baptist Convention opens its 50th anniversary sessions today with some 10,000 members from 34 states, Alaska and Hawaii participating.

The annual sessions continue through June 4 at Convention Hall with three major proposals before the membership for consideration.

The first is a choice of a national headquarters city. The other two are financial matters. One is a proposed three million dollar loan for church extension work at home and abroad and the other a 7½ million dollar fund for education purposes.

**Plan Ceremonies**  
These two proposals would be in addition to the normal annual operating budget which this year goes slightly over nine million dollars.

The loan, however, would actually be repaid at the rate of \$300,000 a year for 10 years thus hiking the annual budget during that period.

The convention also plans appropriate ceremonies marking the 125th anniversary of the American Baptist Home Mission Society and the 250th anniversary of the founding here in Philadelphia of the First Baptist Assn. in this country.

Among the speakers to address the group are Evangelist Billy Graham, currently speaking at giant rallies in New York City, and the Rev. Martin Luther King, Negro minister who led the Montgomery, Ala., bus boycott protest against segregation.

## 2 More Hospitals Quit Blue Cross

POTTSTOWN, Pa. (AP)—Two Pottstown hospitals have ended their contracts with the Associated Hospital Service of Philadelphia (Blue Cross) in protest over a 15 per cent discount on all bills given subscribers of Blue Cross.

North Penn Hospital, Lansdale; Memorial Hospital, West Chester, and Coatesville Hospital also resigned from the Blue Cross program within the last week.

A spokesman for Pottstown Hospital said it had lost up to \$50,000 yearly through contract discounts. Memorial Hospital officials said they were losing \$30,000 annually. Hospital authorities said a subscriber's bill of \$100 would cost the patient nothing but the Blue Cross would pay only \$85 to the hospital.

## Jordan Says Syrian Forces Acted As "Political Police"

AMMAN, Jordan (P) — Jordan army headquarters charged Tuesday Syrian forces stationed in the Hashemite kingdom acted as "political police," intrigued to overthrow King Hussein and hired armed assassins.

The official statement, broadcast by the government radio, was in reply to Syria's accusations that Jordan violated the Egyptian-Syrian-Jordanian military agreement in demanding the withdrawal of the 4,000 to 5,000 Syrian troops that had been in Jordan since the Israeli invasion of Egypt last fall.

The troop withdrawal was completed last weekend.

The Jordan army statement

charged Syrian officers had taken an active role in trying to undermine Hussein's government.

### Met With Commies

"Syrian army officers used to meet with Communists and political party leaders and to circulate leaflets urging Jordanians to overthrow the Jordanian regime," it asserted.

The statement declared that at the height of the crisis last month — when Hussein capped his move to purge Jordan of Communists and extremists with a dramatic appearance before his troops to win their support — Syrian forces cordoned off villages in north Jordan and surrounded a communications center linking the Syrian and Jordan high commands.

The Syrians tried to arrest the "responsible" Jordan officer at the communications center, the statement said, but he managed to escape and contact Jordan army headquarters.

### Cut Wire Lines

Syrian forces "under the direct command of the Syrian army Second Bureau headed by Lt. Col. Abdul Hamid Saraj" have cut wire communications between Syria, Jordan and Iraq," the statement added. "They have also assisted Communists and leaders of dissolved parties to flee the country disguised in Syrian army uniform."

The statement also accused Syrian forces of "arming criminals with the object of carrying out assassinations inside Jordan

territory."

### "Generously Paid"

"Those criminals," it continued, "were generously paid by the Syrian army and 160 of them armed with Czechoslovak weapons were arrested by Jordanian authorities."

The statement declared Syrian army headquarters had disclosed secret military cables exchanged between the Jordanian and Syrian commands "which is still another indication that the Syrian army has become no more a regular army but has turned into a political instrument."

Another official announcement said the Jordan Council of Ministers yesterday approved a draft agreement between Jordan and the United States on the expenditure of 10 million dollars in economic aid the U. S. government offered Jordan late last month. Finance Minister Samir Rafai was authorized to sign the agreement, the statement added.

INDIANA, Pa. (P)—Martha C. Faust, dean of women at Indiana State Teachers College since 1951, has resigned to accept a similar position at Lebanon Valley College, Annville.

Dr. Willis E. Pratt, Indiana president, announced on Monday that Miss Faust will be succeeded by Miss Nancy J. Newkirk, now a graduate assistant in the student dean program at Syracuse University.

## BARS MAY CLOSE ONE HOUR LATER

HARRISBURG (P)—Gov. Leader Monday night signed a bill giving an optional 3 a. m. weekday closing hour to bars in Daylight Saving Time areas.

The law gives liquor licensees in Daylight communities a choice between standard and daylight hours. If they elect standard, they may close by local time at 3 a. m. weekdays and at 1 a. m. Sundays. Total hours of operation remain the same.

The law, effective with Leader's signature, in effect removed the Liquor Control Board's authority to change opening and closing hours. Licensees now will simply notify the board of their choice of hours.

The board this year set legal

hours by local time, requiring licensees to close at 2 a. m. In previous years, legal hours were governed by Standard Time across the state, allowing a 3 a. m. closing in Daylight areas.

Private clubs which close an hour later than public bars also can exercise the option.

WASHINGTON (P)—The House Insular Affairs Committee Tuesday approved an Alaska statehood bill by a 24-6 vote.

Before acting the committee knocked out of the bill a provision that Alaskans hold a general referendum on the question of whether they wished the territory to become a state before any of the admission machinery went into effect.

## Adenauer's Opposition May Rule Out Inspection Zone Plan

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—The possibility of negotiating with Russia a disarmament inspection zone in Europe appeared to be virtually ruled out today by Chancellor Konrad Adenauer's opposition to

including German territory. Such a zone—along with one in the northern Pacific area—has been discussed in disarmament talks under way in London as part of a "first-step" agreement involving Russia and the United

States. Adenauer told a news conference yesterday that a first-step agreement on disarmament is primarily a program for the United States and Russia. It "would not serve a useful purpose," he added, to apply initial aerial inspection to Germany.

### Germany Is Key

Since Germany is the key country in the heart of Europe and since Germany's consent would be a requirement of any disarmament agreement affecting its territory, the prospect for any such agreement virtually disappeared under Adenauer's opposition. That situation would be changed only if his position turned out to be more flexible than his words indicated or should be modified in the light of future events.

The German leader, winding up his three-day visit to Washington, is scheduled to take off for Germany late today after a round of ceremonial activities.

### Completes Conference

Adenauer completed his conferences with President Eisenhower yesterday.

In a joint communique, the two urged Soviet leaders to agree to a first-step disarmament plan to create "a degree of confidence" in Russia's intentions.

They said the limited plan could lead later to a "comprehensive disarmament agreement," but they agreed that any such step "must necessarily presuppose a

prior solution of the problem of German reunification."

### Urged Conference

The communique disclosed that Adenauer had urged the President to plan on a four-power foreign ministers conference on German reunification after the conclusion of an initial disarmament pact. This would involve the United States, Britain, France and Russia.

So far as the communique goes the President did not agree to this, but said only that the United States would consult with the French and British governments about it. However, there was some suggestion from German sources that the President had in fact agreed that it would be a good idea.

## CONNECTICUT'S DISPUTE OVER SCHOOL BUSES IN FINAL STAGE

HARTFORD, Conn. (AP)—Connecticut's House of Representatives opens final debate today on a hotly disputed measure to provide bus service for nonprofit private and parochial schools.

The bill, already passed by the Senate, would allow each of the state's 169 communities to decide by referendum whether to or not provide bus transportation for non-public school pupils.

Chief beneficiary of the bill would be the state's Roman Catholic schools. Church officials and Catholic laymen alike have stepped into the dispute, seeking the bill's passage. One Catholic source estimated that 62 per cent of the children born in the state last year were baptized Catholics.

### Opponents Vocal Too

Protestant spokesmen have been equally vocal in a drive to defeat the bill.

Caught in the crossfire have been both houses of the Republican controlled legislature. State officials of both the Dem-

ocratic and Republican parties have not issued any statements officially endorsing or rejecting the bill. However, a House Democratic leader says the party's 30 representatives in that body favor it unanimously.

### Hands Off By Governor

Gov. Abraham A. Ribicoff, the only Democrat elected to a top state office, has stayed out of the debate. Some observers feel Ribicoff, a Jew, will approve the measure if it is passed because it permits voters of each municipality to decide the issue by referendum.

On the Republican side, Meade Alcorn, GOP national chairman and a former Connecticut state representative, has called upon his party colleagues to support the measure.

### Passing The Buck

Opponents of the bill yesterday lost out in a bid for a compromise measure. If accepted, it would have shelved the present bill. The compromise called for passage of a proposed constitutional amendment, permitting the Legislature alone to provide bus service for non-public school children.

Opponents of the bill feel it only passes the buck to the 169 communities and does nothing for solving the problem.

Some 30 communities now provide such bus service as the bill advocates. The problem arose when some town officials sought counsel from the state on the issue. State Atty. Gen. John L. Bracken at the time ruled it was

legal. Last fall, however, lawyers for some towns contended it wasn't. That prompted the State Board of Education to ask the Legislature to clarify the situation with a state law.

## BAKERS UNION NEXT ON LIST FOR PROBERS

By G. MILTON KELLY

WASHINGTON (AP)—Charges of corruption and malpractice in the handling of Bakers Union funds go before Senate rackety probers at public hearings to start Tuesday.

Chairman McClellan (D-Ark) announced his special Senate com-

mittee hopes to wind up earlier the same day its stormy investigations of the financial dealings of Teamsters Union President Dave Beck.

The probers will call Dave Beck Jr., the Teamster titan's elusive son, and two others sought for nearly three months before they could be subpoenaed.

### Three To Be Quizzed

The three will be quizzed on Beck's handling of his union's funds. Beck himself has invoked the Fifth Amendment more than 200 times in refusing to give the committee an accounting. The other two are Joseph McEvoy, a nephew in the Beck family, and Fred Verschuere Sr., top Teamsters Union auditor on the West Coast.

McClellan refused to give any details of the Bakers probe, but other sources said a key witness will be Curtis B. Sims, the union's secretary and treasurer. Sims has publicly accused President James G. Cross and former Vice President George Stuart of misusing union funds.

The committee had said previously it was looking into "alleged

misappropriation of \$15,000 to \$20,000 of union money."

### Returning Cadillac

Cross himself has publicly taken cognizance of Sims' allegations that the union paid the bills for more than \$2,000 of long-distance telephone tolls on calls between Cross and a woman friend in Florida.

Cross announced he was paying the union for the calls, and also was returning a Cadillac automobile about which Sims had raised heated issue terming it a gift to Cross by a Chicago union local which was in trusteeship.

The Bakers Union's Executive Board took no action against Cross or Stuart, but suspended Sims for making his allegations public. Stuart later resigned as first vice president, but denied the row had anything to do with it.

### HE STAYED

ORILLIA, Ont. (AP)—When the Orillia Water, Light and Power Co. mission hired Harry Mercer in 1916 they made it clear he was only temporary help, for perhaps two weeks. Mercer has just retired after 40 years of service.

## THREE GERMAN SEAMEN JAILED; POSES PROBLEM

CHESTER, Pa. (AP)—Three German seamen munched wiener schnitzel and limburger cheese in the county jail today after their captain made the weary rounds of 1st, 2nd and 3rd international authorities yesterday trying to get somebody to prosecute them for an attack on his boatswain's mate.

Capt. Heinrich Ahlers, master of a Hamburg, Germany freighter, in for repairs at the Sun Shipbuilding and Drydock Co., had been trying for three days to get somebody to arrest the trio for tossing a sledge hammer at his mate, 58-year-old Walter Dahl.

The men were identified as Willi Marquat, 46; Heintz Witt, 25, and Hans Boldsam, 21, all of Hamburg.

### Boatswain Unhurt

The captain said the men broke into Dahl's cabin while the boatswain was sleeping and buried the sledge which struck a bunk siding and bounced harmlessly to the floor.

Immigration authorities were called. The FBI was brought in and so was the U. S. marshal's office. The first claimed lack of jurisdiction and the other two declined to intervene.

Finally, with the approval of

the district attorney, local police arrested the three men on the captain's warrant 'charging' disorderly conduct. Magistrate Anthony Smith honored the warrant but postponed a hearing until today.

### Accuses Two Others

The captain still isn't satisfied. He wants two other men arrested, also explaining there had been trouble at sea and that bullets had been found in the crews quar-

ters. He says he is afraid to take the ship out again.

Meanwhile, as the question of who would charge whom with what was still a matter of conjecture, the ship's cook took an impartial view. He went to the jail with a basket of wiener schnitzel, limburger and Swiss cheese, 10 quarts of milk and three dozen raw eggs.

DAYTON, Ohio (AP)—Mrs. James T. Parker is official hostess at Miami Valley Hospital. It's getting so she greets her son more often than any other patient.

David, 10, her son, is the victim of a rare disease called osteogenesis imperfecta. It's more commonly called "brittle bones." Ever since the boy was four days old, he has been in and out of casts and traction as the result of 20 fractures.

### OTHER COOKS

ROANOKE, Va. (AP)—The Girl Scouts of Troop 10 were present but they missed their cooking lesson.

Mrs. Pauline Baccary, home economist for the Roanoke Gas Company, bought the food for the lesson and brought it to Greene Memorial Methodist Church. She deposited it at the kitchen door and went to get the key. It was gone when she returned five minutes later.

## PSYCHIATRISTS SEEK CAUSE FOR UVALDE DEATH

By LEONARD MILLIMAN  
SAN FRANCISCO (AP) — Naval psychiatrists tried to determine today what sent a normally mild seaman on a murderous six-hour

armed mutiny yesterday aboard ship. One officer was killed and another seriously wounded. The sudden burst of gunfire turned the attack cargo transport Uvalde into an armed camp.

Negro seaman Jimmie L. Henderson, 21, Marine City, Calif., said he killed because he was convicted of stealing a \$30 watch. Apparently without remorse, he talked freely to newsmen of his resentment, his planning and the killing. Then he was taken under

guard to Oak Knoll Naval Hospital in Oakland.

**Slugged Guard, Shot Officer**  
The bespectacled sailor slugged guard Joseph H. Veerbeek, 22, on the Uvalde at a Treasure Island dock in San Francisco Bay, seized his automatic and killed Ens. Arthur L. Morris, 26, Stow, Ohio.

Morris was shot in the head as he sat on the edge of his bunk at 6:15 a.m. "He caused all the trouble," Henderson said. He said Morris had reported

Henderson stole a watch. The Negro said he found it. Henderson was convicted at a court-martial Monday, sentenced to four months at hard labor and demoted from disbursing clerk third class to seaman. He was confined to ship pending review of his case.

**Got In Way — Was Shot**  
Shot three times through the stomach and arm, because "he was in the way," was Ens. Richard D. Harrison, 22, Grand Rapids, Mich., Morris' cabin mate. He was Henderson's defense counsel.

The seemingly mild-mannered killer said, "I feel like Mr. Morris needed it."

For eight months he had worked directly under Morris, who was both the ship's paymaster and le-

gal officer. After the shooting Henderson fled to the bridge. There for more than six hours he carried the cocked and loaded pistol in his hand while trying to make up his mind to surrender or shoot.

Henderson told a news conference in Treasure Island security headquarters that he planned the shooting "to kill Mr. Morris." The ensign had found the missing watch in Henderson's locker. Henderson insisted he found the watch. But he readily admitted he knew who it belonged to and kept it for two days without attempting to return it. His only explanation was that the owner "accused me of taking it from his locker."

## Penna. Democrats Assail GOP Bill

HARRISBURG (AP) — House Democrats have branded the Republican general appropriation bill as a "political document" drafted with a "cruel hand and hard heart."

Opening floor debate on the GOP plan devised to slice 94½ millions from Gov. Leader's budget requests, Rep. H. G. Andrews, assistant Democratic leader, declared:

"This document is a cold, hard document. We are considering what is essentially in its present state a political document. They (Republicans) plan to go to the people on the basis of these proposals and say they held the line (on taxes)."

Rep. Albert W. Johnson, GOP leader, replied immediately, "We came here with a pledge to hold the line on taxes. This we have done. . . . It is not a cold, hard budget."

Carlisle Barracks Marks 200th Birthday Thursday

By RICHARD L. GRAVES  
CARLISLE, Pa. (AP) — Ancient Carlisle Barracks—first home of the U.S. Cavalry and present site of the Army War College—can make a strong case for itself as one of the nation's oldest educational establishments.  
The military post celebrates its 200th anniversary tomorrow. A year after its founding it began service in military education. Only seven American education institutions can trace their roots further back in the nation's history.  
The anniversary will be celebrated quietly without special observance.  
First instruction at the post was given by Col. Henry Bouquet, a Swiss professional soldier, who taught the rudiments of warfare to British and American frontier officers and troops. He later gained fame as the man who broke the back of French and Indian campaigns against Fort Pitt, now Pittsburgh, in 1763.  
Is College Campus  
Now, with a remarkable two-century record behind it, the post is a full-scale college campus that

wears its history with the dignity of an Ivy League university, but keeps an eye on the future.  
"At the Army War College we are largely concerned with the future," said Maj. Gen. Max S. Johnson, school commandant.  
"I believe that the Army War College is one of the most significant elements in developing the future leadership of our Army," he added.  
Johnson said the purpose of the college, which has been located at the Carlisle post since 1951, is to prepare officers for service "at the highest United States Army levels."

All Veteran Officers  
At the present time there are about 185 army officers, all lieutenant colonels or higher with at least 15 years' military experience—studying at the war college. In addition a number of students from other services and the State Department are enrolled.  
Ironically, less than a century ago a group of alumni of the post—then the U.S. School of Cavalry Practice—returned to burn their alma mater.

They were members of Maj. Gen. (Jeb) Stuart's Confederate cavalry. The incident occurred July 1, 1863, as Stuart's forces made their way toward the battle of Gettysburg, then raging less than 20 miles away.

The cavalry days are one facet of the Carlisle post's colorful history.

Probably the most familiar name linked with the Carlisle Post is that of Jim Thorpe, named greatest athlete of the half century. He was a product of the Carlisle Indian Industrial School in the early part of this century. Under Glenn S. (Pop) Warner, the school turned out football teams that dominated eastern football for several years.

Silent Bartender Robbed Of Wallet

PHILADELPHIA (AP) — Three men walked into a tavern and ordered beers. They sat talking at the bar, discussing how tough it is to get along these days.

The trio tried to draw bartender Elwood Stolle into the conversation, asking him if he thought there would be a depression. Stolle was noncommittal.

One of the three suddenly put down his glass, vaulted the bar and said:

"This is your depression." With that he grabbed Stolle's wallet containing \$50 and the three "customers" fled.

COEDUCATIONAL

PHILADELPHIA (AP) — Temple University has a men's glee club and a women's glee club. Nobody seems to know just why, but a woman is accompanist for the men's glee club and a man accompanies the women.

COLUMBIA, S. C. (AP) — Some taxpayers wondered about the possible significance of the name of the South Carolina internal revenue district's collection chief. It's Sherlock Holmes Hutson.

## HOUSE PASSES BILL TO BUILD 2 TOLL BRIDGES

HARRISBURG (AP) — Two toll bridges would be built across the Susquehanna River under House-approved legislation received in the Senate Tuesday. One would link York and Lancaster counties and the other Dauphin and Perry counties.

The house passed the proposal on Monday, 122-68, over Democratic protests that the measure is a "logrolling" plan.

"There are towns in these two areas greatly handicapped by the lack of bridges," said Rep. Blaine

Hocker (R-Dauphin), a cosponsor of the bill.

**Southern Bridge**

The measure calls for construction of the southern bridge from a point between Safe Harbor and Holtwood, in Lancaster County, to the York County shore.

The northern structure would be constructed from near Millersburg to the Perry County shore.

Hocker said "people in these areas are perfectly willing to pay for these bridges without putting the burden on the rest of the commonwealth."

He said the bridge between Wrightsville, York County, and Columbia, Lancaster County, paid for itself in 12 years from tolls collected.

Hocker estimated the bridges would cost 2 1/2 million dollars each.

**Bill Is Mandatory**

But Rep. Albert S. Readinger, Democratic floor leader, contended the estimates were based on prices when the bridges were first authorized in 1952. The present bill changes that measure to make construction of the bridges mandatory.

"We ought to be given the cost today of building these bridges," said Readinger.

Rep. H. G. Andrews (D-Cambria) said Hocker and the other sponsor, Rep. Norman Wood (R-Lancaster), were trying to "add to their political stature" in their

## Letter to the Editor

May 27, 1957

Mr. Paul L. Roy, Editor  
The Gettysburg Times  
Gettysburg, Penna.

Dear Mr. Roy:

The news release on the meeting of VFW Post 15 which appeared in The Times' editions of May 23, 1957, was typed by the undersigned.

Information contained in the lead paragraphs was contained in letters read at the VFW meeting of May 22, which I attended.

The news release states that "a sidewalk will be laid as early as possible" during the fiscal year beginning July 1 in front of the Culp farm which adjoins the post home to the west on E. Middle St."

The letters read at the meeting were dated May 14, 1957, from the director of the National Park Service, Washington, D. C.—a Mr. Wirth, and May 17, 1957, from Dr. J. Walter Coleman, superintendent, Gettysburg National Military Park.

In reference to the sidewalk, Dr. Coleman stated in his letter: "As Mr. Wirth told you, we expect to install the sidewalk adjacent to the Culp Farm during the fiscal year beginning July 1. We will do everything that we can to push this project."

A third Democrat, Rep. Anthony Petroskey (Westmoreland), termed the bill a "logrolling" measure.

ect along."

The news release states that "some plan will be worked out to remove the barn and pig pen from its present location at the farm to help alleviate offensive odors."

In his letter, the National Park Service director states: "It appears that it may be possible to move the barnyard facilities for the livestock to some location on the farm which will be less objectionable than the present location."

I personally regret very much any errors that may have appeared in the news release which I prepared as public relations officer of Post 15. It was not our intention to mislead or misrepresent any of the information we had at the meeting of May 23.

I discussed with Dr. Coleman on Friday, May 24, 1957, the newspaper article and explained to him where we had secured the information for the article.

Again, my deepest personal apologies for the misunderstanding.

Very sincerely yours,

Arthur J. Roth

Editor's Note:—The point in error was that The Times was told that the barn on the Culp farm would be removed. Dr. Coleman denied this. The VFW was advised that it

## Finds Car While Riding On Bus

ASHLAND, Va. (AP) — James Bergdoll, a senior at Randolph Macon College, reported his car stolen. He took a bus to Washington to participate in a discussion of the graduate school program at American University.

Near Fredericksburg, Va., he saw his car parked alongside U. S. 1. The bus driver obligingly waited 15 minutes while Bergdoll reported the find to State Police. The next day he stopped at Fredericksburg and recovered his car.

## MEMORIAL SOUGHT

EL RENO, Okla. (AP) — A \$2,000 fund drive is being conducted here to erect a shelter over the long cabin that served Gen. Phillips Sheridan as a headquarters when he was commandant of Ft. Reno in 1874. After the Civil War, the general was sent to Oklahoma to head the cavalry's forces in Indian Territory.

## PLANS TO MAKE FULL PROBE OF FORMOSA RIOTS

WASHINGTON (AP) — Chairman Zablocki (D-Wis.) said Tuesday his House Foreign Affairs subcommittee "will go further" with an inquiry into recent outburst of American feeling in the Far East.

Further plans, Zablocki said, include a look at the Girard case. U. S. Army Specialist 3. C. William S. Girard is the object of a Japanese-American tug-of-war over who should try him on charges of killing a Japanese woman, who was scavenging for metal on a firing range. The Japanese on Monday named three judges to try Girard, despite

American refusal to give him up. Zablocki spoke in an interview after initial closed-door subcommittee questioning Monday of administration officials. They were asked about the Formosa riots which wrecked the U. S. Embassy and U. S. Information Agency offices, and injured a number of Americans.

### Probe All Angles

After hearing Asst. Secretary of State Walter S. Robertson and Stephen S. Jackson, deputy assistant secretary of defense for manpower Zablocki issued a statement saying, "The Chinese government has accepted full responsibility for the losses suffered and offered its deep regret and apologies."

"The subcommittee was assured that the strongest representations had been made to the Chinese government demanding apologies and compensation," the statement said.

It added that U. S. and Chinese government agencies "are continuing their investigations to determine all the factors involved in the riot."

### 450 Unaccounted For

Before it decided to inquire into the Formosa and Girard incidents, the House committee heard open-session reports on the status of 450 U. S. servicemen still unaccounted for in the Korean War. Jackson said that while there is hope some of the 450 may be alive and held by the Communists, "we do not have any further positive information or intelligence from any source that such is the case."

The administration officials endorsed the objectives of a bill to put Congress on record behind continued American attempts to get from the Reds an accounting of the fate of the 450.

Jackson and Robertson agreed the names of the 450 should be made public if this would not raise false hopes among their next of kin.

Subcommittee members indicated they would press for release of the list as another step in pressuring the Communists for an accounting.

## ASK SUPREME COURT TO BALK NEW HOSPITAL

HARRISBURG (AP) — A group of Haverford Twp., Delaware County, residents has told the State Supreme Court that Gov. Leader never approved recommendations for a proposed mental hospital site in that area.

The appeal was brought before the high tribunal late on Monday in an attempt to reverse the Dauphin County Court in its decision refusing an order to enjoin the State Welfare Department from going ahead with plans to construct the hospital.

John McL. Smith, attorney for the residents, maintained that the 240-acre site purchased recently by the General State Authority for location of the 19-million-dollar institution:

1. Was not formally approved by the governor.
2. Does not contain adequate sewage and water facilities as required in a law passed two years ago directing construction of the hospital.
3. Contains insufficient land to

provide agricultural work for the inmates of the proposed hospital. Dep. Atty. Gen. Stephen B. Marin, appearing on behalf of Harry Shapiro, welfare secretary, and the commonwealth, said no formal approval of the site was required of the governor.

He also stated that "It was not established as fact that insufficient sewage, water and agricultural land" was contained in the site.

Narin also told the Supreme Court that the residents had no legal right to contest the site selection either as taxpayers or individual citizens.

He pointed out that the GSA funds are not built up from tax money but are gotten through bond issues paid off in rentals for buildings built by the authority.

## Dead Ringers Fool Bystanders

DALLAS, Tex. (AP) — Lee Drain, a banker, and his brother Vince, a FBI agent, are dead ringers.

So defense attorneys appeared startled over what appeared a "stacked jury" when Lee served on a federal jury.

The similarity has fooled others. Lee visited a hospital recently where Vince had just undergone an operation. Nurses who saw him in a corridor tried to run him down and put him to bed.

## Squirrel Tries To Make House Cage

GLASGOW, Ky. (AP) — A wandering squirrel tried to convert E. P. Ebert's home into a king-size cage while he was away.

Returning from vacation, Ebert found the squirrel had entered the house and caused considerable damage trying to get out again. Fact is, he died trying.

His body was found while Ebert totaled the damage — a broken lamp, chewed-up Venetian blinds, and 14 window pane frames, bitten off right down to the glass.

## Has Solution To Polynesian Origin

HONOLULU (AP) — A Honolulu doctor believes he may have solved the riddle of where the Polynesian peoples came from. He based his conclusions on his work in tracing the spread of the disease filariasis — peculiar to Polynesians.

Dr. David D. Bonnet says first surveys of his evidence indicate the Polynesians were once native to the area around Borneo, and then migrated eastward as far as Hawaii.

Bonnet's conclusions are based on blood samples from 1,900

native from west of Borneo to Hawaii.

Scientists have advanced various theories on the origin of the Polynesians. The raft Kon-Tiki made its famous voyage in an effort to establish migration route.

## CEMENTED SALMONS

VANCOUVER (AP) — Too many future salmon are ending up in the cement-mixer, says A. J. Whitmore, fisheries supervisor. He said gravel contractors should not remove sand from river beds until sure there are no salmon fry or eggs there.
